**Dear Director Farnazo,**

Thank you very much for meeting with us last week to discuss our STEM Teach program. We appreciate you taking time from your busy schedule to accommodate us. As agreed, are sending this letter containing specific details and the schedule of the program implementation. We are hoping for endorsement by the Department of Education XI of the program to the schools in the region offering Senior High School, specifically the STEM strand.

The course offerings covering pre-determined topics based on the Department of Education's Most Essential Learning Competencies (MELCs) will be as follows:

1. Biology
2. Chemistry
3. Physics
4. Pre-Calculus
5. Basic Calculus
6. Gen. Math

After completing a course, the participants will be receiving a Certificate of Completion. The registration period will run from June 14-June 30, 2021 and the courses will be open from July 12-September 30, 2021. The teachers can register through this link:
