Dear **MS. SILVA**,

Greetings from De La Salle University Manila!

The Lasallian Institute for Development and Educational Research (LIDER) would like to express its sincerest gratitude for the support you extended during the 1st Action Research Congress held last February, 2015 here in De La Salle University. DepEd teachers from various divisions in the country returned the biggest number of registered participants and paper presenters in the said congress.

This year, the said congress extends its scope to the international community of action researchers. LIDER, in collaboration with the Br. Andrew Gonzales College of Education (BAGCED) of De La Salle University Manila, is pleased to announce the Call for Papers for Action Research, Action Learning (ARAL) 2016, an International Congress in Action Research. This three-day congress will be held on March 3-5, 2016 at De La Salle University, Taft Ave., Manila.

There will be parallel workshops on the first day of the congress to be facilitated by highly distinguished foreign and local experts. Our plenary speakers from the United States and other ASEAN countries will share their own country's perspectives and experiences on the utilization of action research results in improving practices in various professional fields. There will also be parallel presentations of completed action researches of authors from the Philippines and other ASEAN countries. Hence, we encourage you and the teachers in your division, to submit an action research you have completed. Accepted papers will be presented during the parallel paper presentations and full paper will be published in the congress proceedings. We further request your support by endorsing and disseminating this invitation to all teachers in your division. Please refer to the attached flyer for more details.
