Mr. Alberto Escobarte  
Regional Director,,  
Department of Education - Region XI

**SUBJECT: LETTER OF INVITATION**

Dear Mr. Escobarte,

The Strategic Research and Development Center Inc. is an authorized reseller and a training institution for IBM SPSS here in the Philippines. Our company is also a market research company that caters both local and international client.

The company has been operating for 8 years now. Our main goal as a training institution (for IBM SPSS) is to educate and shape the analytical intelligence of our participants when it comes to both research and statistics. Our vision is to have a significant impact on the capacity and knowledge of our participants in research and statistics.

In lieu to this, we are bringing our training in Cebu City, this coming October 22 to 24, 2018 at University of Cebu-Main Campus, Sanciango St., Cebu City, Philippines 6000. The in-depth training-workshop is entitled "Quantitative and Qualitative Statistical Analysis In-depth Seminar-Workshop".

The in-depth seminar-workshop aims to invite participants who are writing their research paper and analyzing their data, academician (secondary, tertiary and postgraduate) and government employees whose job is to write a research and analyze data as well.

Our main objective for this seminar-workshop is to capacitate and share the latest techniques in both qualitative and quantitative statistical analysis. The workshop will showcase the new ways in analysis qualitative data, this is important to many academician. Furthermore, the seminar-workshop will also exhaustively and thoroughly discuss the underlying assumptions and the research question that each statistical test answers.

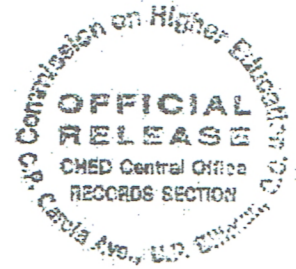

*Specific Objectives are as follow,*

\*Build a clear foundation and understanding of how participants utilize statistical tests. This seminar-workshop will introduce both parametric tests and non-parametric tests including regression analysis. By the end of the seminar-workshop participants will easily distinguish which statistical test will help solve the research problem.

\*Introduce participants on how to analyze open-ended question that will provide depth to their research and findings. Years ago, qualitative analysis is difficult and many debates on how to analyze qualitative
