Digos City

Division Advisory No. 059, s. 2019  
May 31, 2019

To: Public Schools District Supervisors  
School Principals/Officers-in-Charge/Administrators  
Public and Private Schools

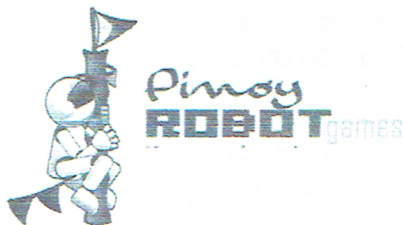

**Pinoy Robot Games**

1. Attached is the letter of Melvin R. Matulac, Founder, PRG, informing the field of the results of Robotics Festival last April 12, 2019 and the upcoming activities of Pinoy Robot Games on November 2019.
2. Further, the Pinoy Robot Games is requesting help for them to seek out sponsors for schools to be ready for Robotics competitions and events in Mindanao.
3. Schools are enjoined to support the upcoming Mindanao Robotics Competitions through your participation.
4. The participation of the public schools shall be on personal expense and time.
5. For information and guidance.

Dear Sir:

Greetings from **Pinoy Robot Games!**

We regret not seeing you during the Davao **RoboFest** (Robotics Festival) last **April 12** at Ateneo de Davao University campus. We failed to realize the effects of *Palarong Pambansa* on your schedule.

Teachers from divisions of Region XI and XII attended the **RIM & Innovation Training of Teachers and SIE Projects for the NSTF**. Their students also participated in the robotics contest. Our team gave instructions and tips to improve the robots.

In the end, Kidapawan City National High School bagged the gold and bronze medals in the 1kg Sumobot-Auto Open category and Laguilayan National High School won the gold medal in Line Tracing Open category with an impressive time of 90sec and no errors.

Dr. Maria Ines C. Asuncion, CESO V, SDS of Davao City spearheaded a Mindanao Robotics Project under the sponsorship of Davao Power and Light and Pinoy Robot Games. The project will begin with a training and equipment for the division. It will be followed by an exhibition at SMX Davao on August 12. The project will be culminated by a Mindanao Robotics competition on November 2019 at Davao City. Pinoy Robot Games will form the Philippine Robotics team for 2020 international contests from among the participants of Mindanao.

With your help we would like to seek out other sponsors to get your division ready for the Robotics competitions and events in Mindanao. Our training and equipment has proven itself by producing international medalists from different DepEd divisions. Join us in discovering the gifted children of Mindanao and making them shine. Support the upcoming Mindanao Robotics Competition.

Sincerely,

  
Melvin R. Matulac  
Founder, PRG
