Dear Dr. Fetalvero:

Greetings!

Davao Light, Aboitiz Foundation, DepEd-Davao City, Ateneo de Davao University and Pinoy Robot Games partnered in a project dubbed as **Kabataan Inyovator – a Robotics Competition**. It aims to provide an opportunity for both elementary and high school levels of the private and public schools to showcase their analytical and problem solving skills in the different game categories of the robotics competition.

In line with this, we would like to inform you that the competition will be held on December 10, 2019 at Martin Hall, Ateneo de Davao University, E. Jacinto St., Davao City.

Though we have already initially involved 10 public elementary schools and 10 public high schools in Davao City, we would also like to request your office to help disseminate this information to the other elementary and high schools with robotics program both in the private or public sectors within the Davao Region as they might be interested to participate in the robotics competition.

Attached are the posters for distribution to the schools for their reference and guide. Should any school wish to join, they can go to the link provided for the registration.

Thank you for your support.

Sincerely yours,

**F. Edillon**  
Community Relations Manager
