ATTENDANCE TO REBOOTING LEARNING: START WITH UNLEARNING

To: Division Chiefs
Public Schools District Supervisors
Education Program Supervisors
Public School Heads
Public-School Teachers

1. This is in reference to the invitation of the People Matters, a new-age, niche media organization with a vision to be a pivotal thought leader in the arena of people and work. They focus on providing the world of talent and work with a plethora of insights that enable talent professionals to have an intellectual point of view and the ability to make decisions that create a big impact. They bring the talent fraternity abreast with new ideas, trends, technological innovations, expert viewpoints and new pathways that raise its collective consciousness and help in finding all the answers pertinent to people and work. And, they believe, that when talent professionals have all the answers, they themselves become the answer to the questions and challenges the world of talent faces from time to time (People Matters-About Us).
2. The details of the programs offered and how COVID-19 has been both good and bad for work life balance and how 'work' and 'life' have become blurred together can be browsed in this link:

3. The attendance of DepEd Personnel in on Official Time Only.
4. For your information and guidance.
