Regional Director
DEPED Regional Office (Davao)

Thru: Dr Maria Liza Berandoy
Regional Science Supervisor

Dear Dr. Farnazo,

Greetings from Pinoy Robot Games!

May this letter find you and your family in good health. True to our mission of training and supporting the nation's young scientists and engineers, PRG will be conducting the annual **National Robotics Competition** ONLINE. From the comfort of their home, participants may start performing the challenges and solving problems. They begin submitting their entries on April 10. All entries are weekly evaluated and ranked until the culminating date of May 15, 2021.

There will be 12 events. All are new. Instead of completed Robotics and AI Project, one event is the "Great RIM Ideas". In this event, participants will propose a solution to any of the UNSDG categories. No actual device is needed. We hope for subsequent investors to fund the project after the contest. Further, PRG is offering one FREE REGISTRATION to the event *Great RIM Ideas*. The entry must have your endorsement as regional director.

We are formally inviting all divisions of your region to participate in this annual event. Registration begins on February 20. We had successful online trainings with the region. There are many emerging talents from every province and city. We expect to have pleasant surprises.

For more details, please visit our website: www.pinoyrobotgames.org

We are looking forward for the participation of your region in the event.

Sincerely,

Melvin R. Matulac
Founder, PRG
