OFFICE OF THE SCHOOLS DIVISION SUPERINTENDENT
DIVISION MEMORANDUM   February 8, 2022
No.083**, s. 2022**

SUBMISSION OF 2ND QUARTER DATA ON LEARNERS' PROFICIENCY
FOR SCHOOL YEAR 2021-2022

To: Chief, Curriculum Implementation Division
         Public Schools District Supervisors
         Public Elementary and Secondary School Heads
   Public Elementary and Secondary School Teachers

1.   In reference to the unnumbered Regional Memorandum dated February 2, 2022 entitled, *"Submission of 2nd Quarter Data on Learners' Proficiency for S.Y. 2021-2022"* and in pursuance to the Regional Strategic Objective of accomplishing 100% of learners achieved at least 75% proficiency in all learning areas and grade levels and to keep track of the learners' initial level of performance on a specific skill at the end-of-quarter goal, schools are advised to submit quarterly learners' proficiency a week after the quarterly period.

2.   For Quarter 2, the deadline of submission of learners' proficiency will be on February 15, 2022 to the regional office. To give ample time to review at the division level, schools are advised to submit on or before February 14, 2022.

3.   With the challenges brought about by the present pandemic and with the issuance of DepEd Order No. 31, s. 2020 on the Interim Guidelines for Assessment and Grading in Light of the Basic Education Learning Continuity Plan, the learners' proficiency for submission to the Regional Office will be taken from the learning area average quarterly grades in all grade levels.

4.   To reiterate, school heads, through the Learners' Proficiency Focals at the school level, are requested to fill out the google sheets below for School Year 2021-2022:

     a.   Quarter 1: https://tinyurl.com/ProficiencyQ1SY2021-2022Digos

     b.   Quarter 2: https://tinyurl.com/ProficiencyQ2SY2021-2022Digos

     c.   Quarter 3: https://tinyurl.com/ProficiencyQ3SY2021-2022Digos

     d.   Quarter 4: https://tinyurl.com/ProficiencyQ4SY2021-2022Digos

5.   Dr. Jem Boy B. Cabrella, the Division Learners' Proficiency Focal, is directed to submit the quarterly data on learners' proficiency level for SY 2021-2022 through the indicated google drive link found in the attachment.

6.   Public Schools District Supervisors are directed to conduct quarterly monitoring of schools for the compliance of the regional memorandum on the submission of quarterly data on learners' proficiency for SY 2021-2022.

7. Attached herewith are the sample computation steps for school level which is consistent with the Division Learners' Proficiency consolidation report in Quarter 2.

8. Immediate dissemination of this Memorandum is earnestly desired.

CRISTY C. EPE
Schools Division Superintendent

Sample Computation to Generate the School Average Proficiency

Example: Mathematics Grade 5 (Second Quarter)

School X has only 5 sections. The average proficiency in terms of quarterly grades in Mathematics and the number of learners achieving at least 75% are given below:

Section A (42 learners)		Section B (55 learners)		Section C (49 learners)		Section D (66 learners)		Section E (60 learners)	
Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above	Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above	Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above	Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above	Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above
90	40	88	52	80	48	85	65	82	55

Proficiency
Get the product of each section's average proficiency and their total number of learners and add the all the products:

$(90 \times 42) + (88 \times 55) + (80 \times 49) + (85 \times 66) + (82 \times 60) = 23{,}070$ **(a)**

Total number of learners in School X (Section A + Section B + Section C + Section D + Section D)

$42 + 55 + 49 + 66 + 60 = 272$ **(b)**

The average proficiency of the learners in School X is given by dividing the total products **(a)** by the total number of learners **(b)**

$$\frac{23{,}070}{272} = \mathbf{84.\,82}$$

Percentage of learners with at least 75% proficiency
Total number of learners with grades at least 75% (Section A + Section B + Section C + Section D + Section E)

$40 + 52 + 48 + 65 + 55 = 260$ **(c)**

The percentage of learners achieved at least 75% proficiency is given by dividing the total number of learners with grades of at least 75% **(c)** by the total number of learners **(b)**.

$$\frac{260}{272} = \mathbf{0.\,9559 \text{ or } 95.59\%}$$

School	Mathematics Grade 5 (Quarter 2)	
	Average Proficiency	**Percentage of learners with grades 75% and above**
X	**84.82%**	**95.59%**

School X achieved 84.82% proficiency and 95.59% of learners with at least 75% proficiency in Grade 5 Mathematics for Quarter 2.

DAVAO REGION

Office of the Regional Director

MEMORANDUM

To   :   Schools Division Superintendents

Subject: SUBMISSION OF 2ND QUARTER DATA ON LEARNERS' PROFICIENCY
               FOR S.Y. 2021-2022

Date   :   February 02, 2022

In pursuance to the Regional Strategic Objective of accomplishing **100% of learners achieved at least 75% proficiency in all learning areas and grade levels** and to keep track of the learners' initial level of performance on a specific skill at the end-of-quarter goal, Schools Division Offices are advised to submit the quarterly learner's proficiency a week after the quarterly period. For Quarter 2, deadline of submission of learner's proficiency will be on February 15, 2022.

With the challenges brought about by the present pandemic and with the issuance of DepEd Order No. 31, s. 2020 on the Interim Guidelines for Assessment and Grading in Light of the Basic Education Learning Continuity Plan, the learners' proficiency for submission to the Regional Office will be taken from the learning area average quarterly grades in all grade levels.

Wide and immediate dissemination of this Memorandum to all concerned is desired.

ALLAN G. FARNAZO
Director IV

Sample computation to generate the Division average proficiency:

Ex. Mathematics Grade 5 (First Quarter)
Division X has only five (5) schools. The average proficiency in terms of quarterly grades in mathematics and the number of learners achieving at least 75% are given below.

School A (20 learners)		School B (310 learners)		School C (50 learners)		School D (120 learners)		School E (8 learners)	
Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above	Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above	Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above	Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above	Average Proficiency (Learning Area Quarterly Grades)	No. of learners with grades 75% and above
83	20	81	305	80	48	85	118	82	8

Proficiency
Get the product of each schools' average proficiency and their total number of learners and add all the products
[(83 x 20) + (81 x 310) + (80 x 50) + (85 x 120) + (82 x 8) = **41,626 (a)**
Total number of learners in Division X (School A + School B + School C + School D + School E)
20 + 310 + 50 + 120 + 8 = **508 (b)**
The average proficiency of the learners in Division X is given by dividing the total products **(a)**
by the total number of learners **(b)**

$$\frac{41,626}{508} = 81.94$$

Percentage of learners with at least 75% proficiency
Total number of learners with grades at least 75% (School A + School B + School C + School D + School E)
20 + 305 + 48 + 118 + 8 = **499 (c)**
The percentage of learners achieved at least 75% proficiency is given by dividing the total number of learners with grades at least 75% **(c)** by the total number of learners **(b)**.

$\frac{499}{508} = 0.9823$ or 98.23%

Division	Mathematics Grade 5 (Quarter 1)	
	Average Proficiency	No. of learners achieved at least 75% proficiency
X	81.94%	98.23%

Division X achieved 81.94% proficiency and 98.23% of learners with at least 75% proficiency in Grade 5 Mathematics for Quarter 1.
