To the esteemed administrators of the institution,

The UP Pre-Medical Honor Society, an academic and civic-oriented organization of exemplary pre-medical students, will be holding its annual **Pre-Medical Summit**, a two-day event geared towards introducing different pre-medical courses to junior and senior high school students (Grade 9-12) aspiring to pursue medicine. The event will be held on **March 19 & 26, 2022 from 2:00 – 6:00 PM via Zoom**.

In line with our objective of promoting pre-medical training through activities that encourage a well-balanced education that emphasizes both scientism and humanism, participants will have the opportunity to take part in varying lectures and workshops designed to **showcase various pre-medical programs offered in universities** around the country.

With this, we are **extending an invitation to your esteemed school**, specifically to your constituent junior and senior high school students who may be interested in knowing more about **different pre-medical courses** and **participating in workshops** focused on skills related to the programs. It would be an honor and privilege to have members from your school as our participants for this year's Pre-Medical Summit. Please note that the event has a limited capacity of participants.
