Dear Ma'am Epe:

Kalinaw!

The Philippine Science High School is a specialized high school that offers scholarships to students with high aptitude in science and mathematics. One of the core missions of our institution is to *"offer an education that is humanistic in spirit, global in perspective, and patriotic in orientation."* In line with this, we will be conducting a virtual outreach program to science and math elementary teachers across Region XI. This event dubbed **"In the Liminality: An Online Enhancement Training on Teaching Math and Science"** will be conducted on **April 12, 2022 (Tuesday), 1:00-5:00 PM via Zoom Teleconference.**

This online enhancement training aims to respond to the ongoing transitions from work from home to face-to-face classes. This activity has two main objectives:

- conduct sessions discussing enhancement of teaching skills in math & science; and
- materialize participants' learning through Action Plan making.

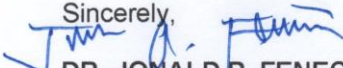

There will be a plenary on emerging trends in education as well as sessions for enhancing teaching math and science adaptive to the new normal.

Participation is open to all public elementary school math and science teachers across Region XI. No fee is charged for participation and e-certificates will be given.

In line with this, we humbly ask your assistance in disseminating this information to your science and math teachers under your division. Interested participants may register at <https://zoom.us/meeting/register/tJApCuqrqjSpHtSiL7tGqVExvytcq0oel-Em>. The program of activities is attached herewith for your reference.

For any questions and clarification, kindly contact Ms. Michelle Anne Cocamas, our Virtual Outreach Program Coordinator at mascocamas@smc.pshs.edu.ph, or through her cellular phone number +639380346569. We are hoping for your positive response. Thank you very much. Keep healthy and safe!

Sincerely,

DR. JONALD P. FENECIOS
