

Republic of the Philippines
Department of Education
 DIGOS CITY DIVISION

Office of the Schools Division Superintendent
DIVISION MEMORANDUM
 SGOD-2022- 140

To : Secondary Public Schools District Supervisors
 Secondary School Heads
 Secondary Teachers

Subject : INVITATION FOR THE ONLINE SURVEY ON THE STUDY, "EFFECT OF BODY IMAGE AND SKIN LIGHTNING PRACTICES ON MENTAL OF EMERGING FILIPINO ADULTS: A MIXED METHODS APPROACH"

Date : December 19, 2022

In reference to the herewith attached letter for the online survey on the study, "Effect of Body Image and Skin Lightning Practices on Mental of Emerging Filipino Adults: A Mixed Methods Approach", secondary Filipino students who are 18-29 years old, and are residing in the Philippines are invited to access and participate the online survey with the link:

https://hlpinclusionuae.qualtrics.com/jfe/form/SV_9nW80LZA5vqxgx0

Moreover, the study aims to assess the effect of body image on the mental health of Filipino emerging adults as mediated by skin-lightening practices and determine the factors that influence them. Also, the protocol has been approved by the University of the Philippines Manila Research Ethics Board (UPMREB 2022-0407-01) and will adhere to the Philippine Data Privacy Act of 2012.

All DepEd teachers who would like to invite their students to participate in the survey shall adhere to the policy on "No Disruption of Classes" per DepEd Order No. 9, s. 2005 entitled: "Institutionalizing Measures to Increase Engaged Time-on-task and ensuring Compliance Therewith", and no government funds shall be incurred.

For information, guidance and compliance.

DEPARTMENT OF CLINICAL EPIDEMIOLOGY

College of Medicine, University of the Philippines Manila

A Clinical Epidemiology Research and Training Center (CERTC) of the
International Clinical Epidemiology Network (INCLEN) Trust

08 December 2022

Schools Division Superintendent
Department of Education
Region No. XI (Davao Region)

Dear Superintendent,

Greetings!

This letter is in reference to my ongoing Ph.D. dissertation entitled ***“Effect of Body Image and Skin Lightening Practices on Mental Health of Emerging Filipino Adults: A Mixed Methods Approach”***. I am Ph.D. student at the Department of Clinical Epidemiology, College of Medicine – University of the Philippines Manila. This project aims to assess the effect of body image on the mental health of Filipino emerging adults as mediated by skin-lightening practices and determine the factors that influence them. The project consists of an online survey that will include Filipinos who are **18-29 years old, and residing in the Philippines.**

I want to seek your office to assist me in the dissemination of the online survey. This survey is intended for the high school and senior high school students who are qualified to respond to the survey based on the criteria above. I believe that your vast connections with the different schools in in your province being handled by your office will help expand my reach to the prospective participants. The results will be used to increase the awareness of emerging adults as to the effect of body image and skin-lightening practices on their mental health status. Furthermore, this may help them understand how this phenomenon is affected by various factors culturally sensitive to the Filipinos. The protocol has been approved by the University of the Philippines Manila Research Ethics Board (UPMREB 2022-0407-01) and will adhere to the Philippine Data Privacy Act of 2012. The survey can be accessed through the link below or via a QR code:

If you have any further questions, you may reach me at 09178536597 / zgregencia@up.edu.ph.

Thank you very much, and we are hoping for your favorable response.

Very truly yours,

ZYPHER JUDE G. REGENCIA, MSc
Ph.D. Candidate and Principal Investigator
