Dear Dr. Farnazo:

We hope this letter finds you in good health. We are pleased to inform you that the National Crop Protection Center, College of Agriculture and Food Science, University of the Philippines Los Baños, in collaboration with the UP Professional School for Agriculture and the Environment (UP PSAE), AGRIVA, and PMCP Foundation Inc., is offering a short course titled "Butterfly Ranching and Commercial Breeding for Biodiversity Conservation and Livelihood."

The short course will be held in person at **AGRIVA in Panabo City, Davao del Norte, from May 8 to 10, 2023**. This 2.5-day short course is designed to engage the participants in butterfly biodiversity conservation and industry, specifically on butterfly farming and souvenir/curio making. The training will be a combination of lectures, demonstrations, and hands-on activities. The participants will learn biology, ecology, economic value, biodiversity conservation, and inventory of host plants and species of butterflies. The processes and requirements for butterfly mass production, captive breeding, and establishment of butterfly farms will also be discussed thoroughly. They will also experience crafting souvenir products out of butterflies.

Upon completion of the course, participants are expected to be able to identify the different species of butterfly; identify the different host plants of butterflies and learn how to propagate them; discover the uses of butterflies and their by-products; acquire ideas and develop skills on how to make souvenirs from butterfly by-products; understand the processes of how to rear and mass produce butterflies and their host plants, including the establishment of a butterfly farm/garden; identify the legal requirements for butterfly collection and farming; and discuss how to establish a butterfly farm.

The registration fee is **Php 5,000** per participant (inclusive of the individual kit: manual, starter host plants, breeder butterflies, insect net, butterfly spreader, some curation tools, 3R frame, lepidomosaic art pattern, snacks, and lunch for 2.5 days). Registration is now open until April 30, with limited slots available.

NATIONAL CROP PROTECTION CENTER
Office of the Director

We would also like to notify you that if you are able to register three or more individuals, we will reduce the registration fee to Php 4,500 per participant.

Participants should leave the workshop with knowledge and abilities in butterfly biodiversity conservation, butterfly farming, souvenir/curio making, and equipped with the legal requirements for butterfly collection and farming. After completing the course, they will be given a certificate of completion and a certificate with **11 CPD points**.

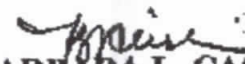

We hope you will take advantage of this chance to expand your knowledge and skills in butterfly breeding and ranching. For registration, you may register through this link: <https://bit.ly/ShortCourse-Butterfly2023>.

The registration fee should be deposited at the **PNB Checking Account** of PMCP Foundation, Inc. (UPLB Branch) under the account name: **PMCP Foundation, Inc.** with account number: **246470003846**.

Please upload the deposit slip using the registration link provided above. Should you have any queries, please do not hesitate to contact us at ncpcextension.uplb@up.edu.ph.

Thank you very much.

Sincerely yours,

DR. BARBARA L. CAOLI
Director
