RightSize is delighted to offer **SPLAT Exams** for conducting division- or school-wide periodical exams, quarterly assessments and standardized testing.

SPLAT Exams compliments and expands our School Information System (SIS) and Learning Management System (LMS) offerings, which are designed exclusively for DepEd. We continue to be strictly in compliance with RA 10173, the Data Privacy Act of 2012.

The design of SPLAT Exams is based on feedback and guidance from almost 300 schools in 28 divisions, and observes all known DepEd Orders and standards.

SPLAT Exams features the following:

- Multi-modality support inside a classroom:
 - online using a browser, including Safe Exam Browser;
 - offline using the SPLAT Exam app on Android, iPhone or iPad; and
 - paper exams using bubble sheets printed on regular bond paper (no special forms).
- Integrated skills reporting with Most Essential Learning Competencies (MELCs), 21st Century Skills or Bloom's Revised Taxonomy, all completely integrated.
- Support for multiple choice, multiple-multiple choice, true/false and categorization questions on all modalities. Fill-in-the-blank and enumeration available on digital modalities as well.
- SPLAT Exam hybrid mode supports hand-written essay questions and show-your-work for math and sciences for digital and paper modalities.
- Question and answer randomization supported on all delivery methods.
- Super fast grading! A class of 45 learners can be graded within minutes using the sheet feeder on your printer. Scan results can be seen online by advisers.
- Periodical exam results can be automatically added to our DepEd standard Electronic Class Record (ECR) in the quarterly exam column.
- Division CID can deploy exams including randomized printouts. Test questions can be hidden from school personnel on digital platforms.
- Division CID can delay the display of questions to teachers. If teachers can see the questions, they also see how many learners selected each choice, can compare learner results and export complete results to a spreadsheet.
- Screens and printouts are age adjusted for lower grades learners. K-3 have large fonts and bubbles while grades 4-6 have a medium size.
- Fully automated reporting by teacher, section, school and division-wide. Reports include scores, proficiency reports and categorization by skills such as MELCS, all with mean and standard deviation.

SPLAT has been offered completely free for the past six years. Starting with the coming school year, we will be charging for the use of our software at a very reasonable price. Please discuss our pricing with Nilda (contact details below).

We invite you, your CLMD chief and their team to learn more about SPLAT Exams on a one-hour Zoom call exclusively for your region. If our solution seems like a good fit, then we can schedule a face to face demo on our new features.

We look forward to working with you and are excited to hear your thoughts about SPLAT Exams. Please contact Nilda de Vera, our SPLAT Champion, at 0922-886-5144 or via email at Nilda.deVera@RightSize.com to arrange the Zoom call for your team.

Sincerely,

Christopher Hancock
