MS. MELANIE P. ESTACIO
Department of Education
Digos City

Dear **Maam Estacio**,

Adolescence (ages 10-19 years) is a period of rapid development. As health services providers, it is imperative that we ensure their health and safety while allowing them to learn and grow into well-informed, empowered, responsible and citizens who are leaders in society. They are vulnerable on issues such as early pregnancy, sexually transmitted infections, including HIV and AIDS, substance use disorders, violence, and mental illness, thus we need to encourage protective behaviors and give them the tools to lower risky behaviors.

In line with this, we would like to invite your Adolescent Health Program Focal Person to be with us during the conduct of Benchmarking Activity on August 18-19, 2023 at Tagum City, Davao del Norte.

Hoping for your kind consideration on this matter.

Very Truly yours,

JONNA A. MASONGSONG, MD, FPSMS, MAHA, MPH
Provincial Health Officer II
