FOUNDATION**

November 17, 2023

**MELANIE P. ESTACIO**

*Schools Division Superintendent*

Department of Education – Digos City Division

**DEAR MA'AM MELANIE P. ESTACIO,**

Greetings from the Philippine Eagle Foundation (PEF)! First of all, we would like to wish you, your loved ones, and your colleagues a good state of health and well-being.

The Philippines is one of the 17 megadiverse countries in the world. It is a haven of unparalleled natural beauty and biocultural diversity. Endowed with a rich tapestry of ecosystems and unique blend of different cultures, the country stands as a testament to the astounding diversity of life that graces the land. Our lush forests that blanket the islands are teeming with an array of life including our critically endangered national bird – the Philippine eagle. Its majesty and regal presence are a symbol deeply intertwined with the culture and heritage of the Philippines.

This natural treasure trove, however, is not without its difficulties. The Philippines is under threat from issues such as habitat loss, pollution, and climate change, which endangers the delicate balance of its ecosystems. Conservation efforts and sustainable practices are critical to ensure that this abundance of biodiversity is preserved for future generations.

In order to raise awareness on environmental conservation among the youth of the region, the PEF organized the **Saribuhay 2023: Davao Region Wildlife Quiz Bowl**. Twenty-one (21) schools participated and one team from the Digos City Division made it to the **7<sup>th</sup> National Wildlife Quiz Bowl** – the **Kapatagan National High School**.

With this, the PEF requests your good office to issue a **travel order** for **Mr. Johnryl Garzon, Windle Tanio, and Mark Tyrone Esperanza**.

The **7<sup>th</sup> National Wildlife Quiz Bowl** will be held in **Ormoc City** on **November 27-28, 2023** to drumbeat the celebration of the **National Environmental Awareness Month**. The event aims to promote the Philippines' rich biodiversity, inculcate in the youth an appreciation and consciousness of nature, and address environmental challenges that Filipinos are still grappling with today.

Should you have further questions, kindly message our Community Education and Public Awareness Officer, **Irick Francisco**, through his mobile **(0956-762-9622)** or email ([irickfrancisco.work@gmail.com](mailto:irickfrancisco.work@gmail.com)).

Thank you and we look forward to a positive response!

Sincerely,

**JAYSON C. IBANEZ, PhD**
