**DR. MELANIE P. ESTACIO**

OIC-School Division Superintendent Digos City Division  
Digos city, Davao del Sur

Dear **Dr. Estacio:**

Greetings from Davao del Sur State College!

DSSC will conduct the **BETA101: 1st International Research Conference on Business, Education, Technology and Agriculture** with the theme "Innovations and Breakthroughs in Agriculture: Transforming Imaginations and Fantasies to Realities and Utilities" on **December 11, 2023 at Big 8 Hotel, Digos City.**

The conference aims to create an avenue for dynamic educators and researchers to contribute to the progress and transformation of the education system by showcasing their milestones in both research and extension in the areas of Business, Education, Technology and Agriculture.

Anent to this, the College proudly invites your esteemed pool of teachers to present their research breakthroughs and further contribute to the betterment of the educational system while addressing Sustainable Development Goals (SDGs) in this era of innovation and digitalization. In addition, this international conference shall be open to all participating schools, colleges and universities in Davao Region, Philippines. A registration fee of Php.1,200 from onsite and online presenters shall be collected to cover for the issuance of certificates for online participants and lunch and snacks plus certificates for onsite participants.

Attached herewith are pertinent documents for your reference.

For queries and concerns, your designated staff may directly coordinate with Dr. Queenie Lyn G. Almercz of DSSC-ECR at [president@dssc.edu.ph](mailto:president@dssc.edu.ph) or through mobile number 0938-1126319.

Thank you very much in anticipation of your kindest attention and positive response.

Very truly yours,

(Sgd.) **AUGIE E. FUENTES. PhD**  
College President

## About

The Davao del Sur State College (DSSC) under the leadership of College President, Dr. Augie E. Fuentes envisioned as one of the leading higher education institutions that creates cutting-edge and internationally accepted researches. The DSSC is committed to produce quality and relevant collaborative researches that anchored on international and national research agenda. The DSSC adheres to creating for food security that benefit its clientele and community, developing breakthrough research that generates income by improving the different sectors, providing sustainable results to increasing concerns on climate change and bio-cultural diversity preservation, research output and technology adoption created, and enables researchers to collaborate with national and international research program and projects.

The DSSC research agenda initiated the priority plans and programs that serve as strategic goals in addressing challenges in innovation, food productivity, and efficiency, disaster risks resiliency and climate change readiness, gender inequality, and breakthrough technology adoption. The College recognized the adoption of the UNESCO SETI Scorecard for monitoring and implementation of SDG in Davao del Sur and Davao Region. The DSSC created research centers to specifically develop proposals and specialized expertise in lobbying higher budget allocation for research, development, innovation, and progressing infrastructure plans of the College for a specific sector. The establishment of state-of-the-art laboratories will provide internationally accepted research results and analysis that will facilitate the capabilities of researchers and highly multidisciplinary researchers. The upgrading of laboratories, creation of technology start-up and incubation hub, and capability building of research personnel will facilitate the opportunity and enhance competitive advantage of the communities it may serve.

## About BETA 101

BETA 101 is the first ever International Conference of Davao del Sur State College. It is designed to provide a scholarly opportunity for authors, participants, and intellectuals to share breakthroughs in research and extension relative to the current trends and innovations. BETA101 will include different dimensions of study including Business, Education, Technology and Agriculture. Delegates and Research Aspirants at BETA 101 will have a great opportunity to disseminate relevant findings and recent challenges in their field of study to a bigger audience from different fields of expertise. This experience will allow our associates to amplify data sharing and evaluation. The primary goal of this Business, Education, Technology and Agriculture 101 (BETA 101) International Conference is to bring the transformation of the education system through a wide array of new knowledge that attempt to find solutions confronting global issues in the same platform.

## Conference Proceeding

All the submitted papers will be blind peer reviewed & will be subjected to plagiarism check. All accepted papers shall be published in conference proceedings with an ISBN. One of the authors must pre-register for the conference within one week after acceptance of the paper to ensure inclusion of the paper in the conference program. Selected papers from the conference will be published in Scopus/WOS listed Conference Proceedings/journals, subject to due processing and reviews by the journal, as required. Also processing/administrative charges (if applicable) will need to be paid separately by the authors to avail ISSN Publications.

### Scope of Conference

1. Business
