Dir. Allan G. Farnazo
Regional Director, Davao Region
Department of Education

Dear Director Farnazo:

Greetings in the name of empowering Philippine Education!

The Center for Human Research and Development Foundation (CHRDF), Inc. has been in partnership with the Department of Education to provide professional development programs for teachers and school leaders for the last 15 years. In 2020, we are one of the first organizations authorized as a Service Learning Provider (LSP) under the National Educators Academy of the Philippines (NEAP). We were able to secure seven NEAP-recognized programs for teachers and school leaders.

We are pleased to inform your office of the continuous efforts of CHRDF, Inc. to train teachers and school leaders in different parts of the country focused on effective curriculum implementation and following the PPST:

- Domain 1: Content Knowledge and Pedagogy
- Domain 2: Learning Environment
- Domain 3: Diversity of Learners
- Domain 4: Curriculum Planning
- Domain 5: Assessment and Reporting and
- Domain 7: Personal Growth and Professional Development

to promote the science of teaching and learning in the classroom as a clear manifestation of full support for the MATATAG Curriculum. We are strongly convinced that this will help the public school system address the current challenges in basic education by using the science of teaching and learning, especially in enhancing classroom instruction and assessment. We prepared programs geared towards improving student learning outcomes through imparting research-based teaching practices and developing higher-order thinking skills for students through instructional strategies and authentic assessments. We organized professional development programs that aim to strengthen the role of teachers as part of the curriculum support system through systematic and effective instructional planning, contextualization of lessons, and the use of an interdisciplinary approach to create authentic assessments.
