PRIZE

The **BCYF INNOVATION AWARD** can be for any aspect of life or business such as, but not limited to **GOVERNMENT SERVICE, SMEs, EDUCATION, TECHNOLOGY, INDUSTRY, AND HEALTH SCIENCES**

BACKGROUND

The Award is part of BCYF's Comprehensive Social Development Program, which consists of PSR - Research, Education, Events, and Developmental Social Enterprise. It was conceived as a result of meeting various organizations and young people who have implemented innovative initiatives that improve their operations and their areas of concern.

The concept for the Award underwent rigorous discussions over time. For a country like the Philippines, and a region like the ASEAN, the five categories were selected because they represent sectors that significantly influence society.

Through the Shell LiveWIRE Program, the global flagship enterprise program of Pilipinas Shell Petroleum Corporation that promotes entrepreneurship, innovation and meaningful employment, the awardee shall receive the 1 Million Pesos cash prize to be used for business upgrades, additions, expansion, or any other steps in order to elevate the innovation.
