Date : February 27, 2025

This has reference to Regional Memorandum FTAD-2025-006, re: Dissemination of the results of the SGC Endline Data Collection.

As stipulated in Memorandum DM-OUHROD-2025-0349, an effective School Governance Council (SGC) entails active and engaged internal and external stakeholders. Collaborative and harmonious working relationships between the school and its stakeholders are reinforced when responsibilities are shared and delegated, and decisions are consulted.

The data gathered shall be used as information in identifying priority of areas that need support and assistance from the different governance levels.

The collection of the baseline information commenced last September 2022 and concluded last March 2023. Consequently, the collection of endline information began last September 25, 2023 and ended on June 21, 2024.

Following a thorough analysis of the SGC endline data, the findings showed that across 217 divisions and 16 regions, **9498 out of 10,096 secondary schools (94%) participated in the endline data collection, with 4, 649 secondary schools (49%) having functional SGCs.**
