Dear Dir. Farnazo:

We respectfully seek the endorsement of your good office for the **Asia Pacific Conference on Curriculum Studies and Instructional Designing (APCCSID) 2025, to be held from September 26 to 28, 2025, at** Crowne Plaza Manila Galleria, Quezon City. The conference will adopt a hybrid format, accommodating both face-to-face and online participation.

This international academic event is organized by the Asia Pacific Research Association on Curriculum Studies, Inc. (APRACSI), in partnership with the Curriculum Studies Association of the Philippines, Inc. (CSAPI) and the University of the Philippines College of Education (Curriculum Studies, Social Studies, and Educational Administration areas).

The conference, with the theme "**Curriculum Studies and the VUCAD<sup>2</sup> World: Perspectives from the Asia Pacific Region**", will highlight the impact and influence of the VUCAD<sup>2</sup> World on major processes in Curriculum Studies. It is designed to underscore the importance of understanding how the changing cultural, social, economic, political, and security landscapes of the current world influence curriculum designing for relevant and responsive educational programs; curriculum implementation toward effective learning, and curriculum evaluation toward informed delivery.

- Our keynote speaker is **Dr. Murray Print** from the University of Sydney, and the plenary speakers include Dr. Jasmine Sim of the National Institute of Education Singapore, Dr. Allen Kim of the International Christian University in Japan, and Director Francisco Benitez of TESDA. Attached are the APCCSID 2025 poster and program for your perusal of the conference details as well as the SEC Registration of APRACSI.

In addition to the plenary speeches, there will be presentations of completed studies and proposed research focused on the following strands:

- Conceptions of the VUCAD<sup>2</sup> World
- Implications for Curriculum Planning Across Disciplines and Educational Levels
- Curriculum Implementation: Translation and Delivery in a VUCAD<sup>2</sup> Context
- Curriculum and Instructional Evaluation
