ALL OTHER CONCERNED

FROM : DR. DEXTER A. GALBAN
Assistant Secretary for Operations

SUBJECT : SUBMISSION OF REPORTED CASES OF HAND, FOOT, AND
MOUTH DISEASE (HFMD)

DATE : July 14, 2025

In light of recent health advisories and the potential increase in the incidence of **Hand, Foot, and Mouth Disease (HFMD)** in various parts of the country, this Office is calling for the immediate submission of reported HFMD cases, if any, from schools within your jurisdiction.

HFMD is a viral illness commonly affecting young children, characterized by fever, sore throat, and rashes or sores on the hands, feet, and mouth. It is highly contagious and can spread rapidly in school and community settings if not managed appropriately.

In this regard, all **Schools Division Offices (SDOs)** are requested to coordinate with school heads, school health personnel, and local health authorities to:

1. **Monitor and validate** any suspected or confirmed HFMD cases in schools.
2. **Submit a report** indicating the number of cases (if any), name of affected schools, age group affected, date of onset, actions taken, and coordination with local health units.

The initial submission is requested on or before **July 18, 2025**, with **weekly updates every Friday thereafter** until further notice. For schools or divisions with **no reported cases**, a **"No Case"** report must still be submitted to ensure completeness of monitoring.

For inquiries, you may contact the Bureau of Learner Support Services-School Health Division (BLSS-SHD), via email at blss.shd@deped.gov.ph.

Your cooperation in ensuring the health and safety of our learners and personnel is highly appreciated.
