Digos City Schools Division Office
Digos City Davao del Sur

Dear **Ma'am**,

Greetings of Prosperity and Good Health!

Rabies is a deadly viral disease that primarily affects animals but can be transmitted to humans through the bite or scratch of an infected animal. As a zoonotic disease, it highlights the complex relationship between humans and animals, posing significant public health risks. As such every 28th of September annually, World Rabies Day is celebrated to raise awareness about rabies prevention, control, and elimination. This is also embedded deep within the Anti-Rabies Act of 2007 (RA 9482) which requires Local Government Units to organize activities relating to such.

Anent hereto, as member of the Provincial Rabies Coordinating Committee by virtue of Provincial Ordinance 24-108 or the Provincial Anti-Rabies Ordinance, we cordially invite you, and 3 other representatives who are actively involved in matters pertaining to rabies (particularly from the Health Section) to attend the **World Rabies Day Commemoration** with the theme: "**ACT NOW: ME, YOU, COMMUNITY**" on October 1, 2025, 8am, to be held at Arnaldo's Hotel, Digos City.

Your consideration and full support on this matter would greatly contribute to the success of the activity.

Yours truly,

CATHERINE S. RESURRECCION, DVM
Provincial Veterinarian
