Dear Madam,

A Healthful Greetings be yours!

The City Health Office through the Environmental & Occupational Health and Sanitation Division is the implementing arm of one of the vital program components of Health which is the Dengue prevention and control program. One of its fundamental aim focuses on the initiative of mobilizing the key people in every barangay, including public and private academic institutions to spearhead on-site community actions geared towards preventions and control of mosquito vectors from proliferating and creating public health havoc in your area of responsibility. Fostering coordinative plan of actions is seen important in ensuring that all sectors of the community shall be heard and served.

Along this line, the City Health Office spearheads a **Dengue Consultative Meeting with partner stakeholders** that includes the Academe. This activity was set to keep us all updated on the current status and statistics of Dengue cases in Digos City and to keep us informed all Dengue preventive and control activities undertaken by the key people of your institution. We look forward for your presence as partner implementers in order to make a coordinated plan of action and strategies to keep our school children safe from the peril of Dengue infection.

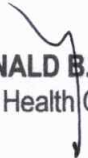

In this regard, we would like to ask your assistance by sending your **District Division Medical Officers/Nurses and School Clinic Teachers** from all the Public Elementary and Secondary Schools under your area of responsibility to participate in this consultative meeting. The activity shall be held on **December 16, 2025 from 8:00 o'clock in the morning to 3:00 o'clock in the afternoon** @ Fabian's Function Hall located @ Burgos-Corregidor streets, Brgy. Zone 3, Digos City.
