Subject : **PILOT SCHOOLS FOR THE IMPLEMENTATION OF THE QUALITY LEARNING MASTERPLAN FOR BLENDED/DIGITAL LEARNING**

Date : March 10, 2026

Pursuant to Regional Memorandum CLMD-2026-100 re: “Pilot Schools for the Implementation of the Quality Learning Masterplan for Blended/Digital Learning,” this Office hereby informs the field on the pilot implementation of the Quality Learning Masterplan for Blended/Digital Learning in partnership with Frontlearners.

For the Schools Division of Digos City, the following schools are identified as pilot schools for the implementation of the blended/digital learning program:

- a. Matti National High School
- b. Goma National High School
- c. Ramon Magsaysay Central Elementary School

The identified pilot schools are expected to evaluate their current technology capacity and instructional readiness to determine the most appropriate implementation mode for the program.

The digital learning resources provided through Frontlearners feature interactive lessons, inclusive learning materials, formative assessments, and mechanisms to support learning continuity. Furthermore, weekly activity reports and quarterly performance insights generated through the system dashboard will be shared with stakeholders from the Central Office down to the learners to support data-driven monitoring and improvement of the program.

The pilot implementation will focus on learners in Grades 4, 5, 7, and 8 under the Revised K–10 Curriculum in the learning areas of English, Science, and Mathematics.

To facilitate the smooth implementation of the pilot program, the participating schools shall utilize the following links:

FROM :  GERSON MARTIN M. ABESAMIS
Director IV

SUBJECT : IMPLEMENTATION OF THE QUALITY LEARNING
MASTERPLAN PILOT TEST FOR BLENDED/DIGITAL
LEARNING

DATE : February 25, 2026

In alignment with the Department of Education's 10-year Quality Basic Education Plan, the Bureau of Learning Delivery (BLD), in partnership with Frontlearners, will conduct the **Quality Learning Masterplan Pilot Test**. This initiative aims to improve learning outcomes by leveraging standardized digital instruction and frequent technology-enabled formative assessments to address persistent learning gaps.

Scope and Participation

The pilot involves **510 nominated schools** (30 schools per region) nationwide. The study focuses on learners in **Grades 4, 5, 7, and 8** following the revised K-10 curriculum in the following subject areas:

- **Mathematics**
- **Science**
- **English** (Grammar and Reading Comprehension)

Implementation Options

Schools are requested to evaluate their current technological capacity and instructional readiness to select the most appropriate implementation mode. Please indicate your choice in the https://bit.ly/FL_Pilot_Registration.

Both options offer unique advantages to ensure no learner is left behind:

- **Option A: Institutionalized Use (Frontlearners LMS)**
 - The Frontlearners LMS serves as the primary and exclusive platform for the specified subjects.
 - **Key Advantages:**
 - **Ideal for Incomplete Data: This option is best for schools that do NOT have complete data of learners' DepEd email**

accounts. Since accounts are managed via the Frontlearners server, implementation can proceed using school-generated credentials.

- **Streamlined Instruction:** Teachers save significant time as the platform provides a fully integrated, end-to-end curriculum.
- **Unified Data Tracking:** Provides a comprehensive dashboard for real-time monitoring of student mastery and proficiency.

- **Option B: Supplemental Use (DepEd LMS Integration)**

- Frontlearners content is integrated into the existing DepEd LMS ecosystem.
- **Key Advantages:**
 - **Seamless SSO Integration:** This option is best for schools with complete data of learners' DepEd email accounts. It allows for a single sign-on experience, linking directly to existing learner profiles.
 - **Instructional Flexibility:** Teachers have the autonomy to choose specific digital modules that best fit their current lesson flow.
 - **Familiar Ecosystem:** Allows students and teachers to stay within the familiar DepEd LMS environment while accessing premium interactive content.

Key Features of the Digital Resources

- **Interactive Lessons:** Ready-to-use, self-paced slides that are easy to navigate.
- **Inclusivity:** Audio guides are provided for visually impaired students.
- **Formative Assessments:** AI-assisted tutorials provide frequent feedback after each lesson.
- **Learning Continuity:** Alternative delivery modes are available to ensure classes continue during interruptions.

Monitoring and Reporting

Data on academic performance, student engagement, and digital literacy will be collected via the Frontlearners dashboard. Weekly activity reports and quarterly performance insights will be transmitted to all stakeholders, from the Central Office to the learners.
