Kindly select the excel sheet with list of Private Schools assigned on your region/school's division office. Then provide the following information on the last two column: **Latitude¹** and **Longitude²**.

The latitude and longitude can also be gathered using Google Maps, with the following steps in the link <https://bitly.ca/8y6Q>:

1. Open Google Maps.
2. Indicate the physical address from the search bar and press enter for the google map to locate.
3. After locating, right-click the place or area on the map.

4. To copy the coordinates automatically, left click on the latitude and longitude.
 - The first decimal number is the latitude and the second is the longitude.

The purpose of the request is to map the private schools that will help decongest public junior high schools (JHS) and senior high schools (SHS) which use the GAS program objective stated in DepEd Order No. 20, s. 2017 for Educational Service Contracting Service (ESCC) and DepEd Order No. 20, s. 2023 for Senior High School Voucher Program (SHS VP).
